Requirements of Section 1251 (Net Metering and)	2008 FOR COMPANIES
Additional Standards) of the Energy Policy Act of)	TO EXPLAIN PROPOSED
2005)	TARIFFS
)	

This matter before the Public Service Commission of South Carolina (“Commission”) concerns implementing Section 1251 (Net Metering and Additional Standards) of the Energy Policy Act of 2005. The Commission believes that the proposed Net Metering Tariffs need to be more fully explained by the companies proposing them before the Commission takes a deciding vote. We therefore instruct the Commission’s Docketing Department to set aside February 14, 2008 at 10:30 AM for the companies involved with this Docket to come before the Commission to both explain and answer questions from the Commissioners and Staff regarding these tariffs.

This proceeding will be in the form of a briefing for the Commission and will not involve sworn testimony or cross-examination by other parties. The Companies shall be prepared to answer questions of a technical nature in regard to their respective tariffs, as well as all other aspects of the tariffs.

This Order shall remain in full force and effect until further order of the Commission.

BY ORDER OF THE COMMISSION:

G. O'Neal Hamilton, Chairman

ATTEST:

C. Robert Moseley, Vice Chairman
